## **Spiritual Warfare with Pete Gilbert at Community Church Edinburgh**

**26th October 2019**

**10.30 – 4.30**

**Cost: £25 (lunch included)**

Pete Gilbert is going to be spending a day with us discussing Discipleship the Jesus Way. For the 40 years that he has been serving God in full time Christian ministry the two things that have got him out of bed in the morning, keeping him motivated and passionate, are seeing people commit to following Jesus and then seeing them growing in him.

But the reality is that we are broken people living in a broken world with an enemy of our souls. Spiritual Warfare is a reality that is going on all the time, everywhere, at every level. The bible repeatedly tells us not to be unaware of the schemes of the evil one.

So we are going to explore the nature of the enemy, who he is and how he works. We are going to answer the question who's world it is? And identify his strategies to put down landing strips in our lives, so that having done all else, we stand firm.
