

# Making your Christingle at home

Choose one of the Christingle pictures to print off, colour, and decorate, or make your own Christingle from card or thick paper. If you hang it in your window it will remind other people of God's love and Christ's light.

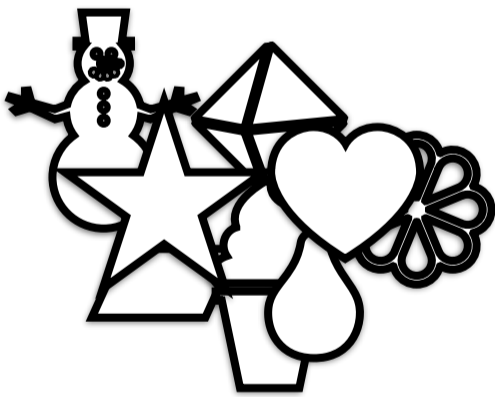

The round shape reminds us of our world, which God made and saw it was good.

Cut it from orange card or thick paper, or use white card and colour it in any way you like.

The band around the world reminds us of God's love, which surrounds the world.

Make it red, or any colour that reminds you of love. You could stick red ribbon onto the Christingle instead of using paper or card.

The decorations remind us of all the things God gives us to enjoy in the world. They are often shared between four sticks, which remind us of the four seasons.

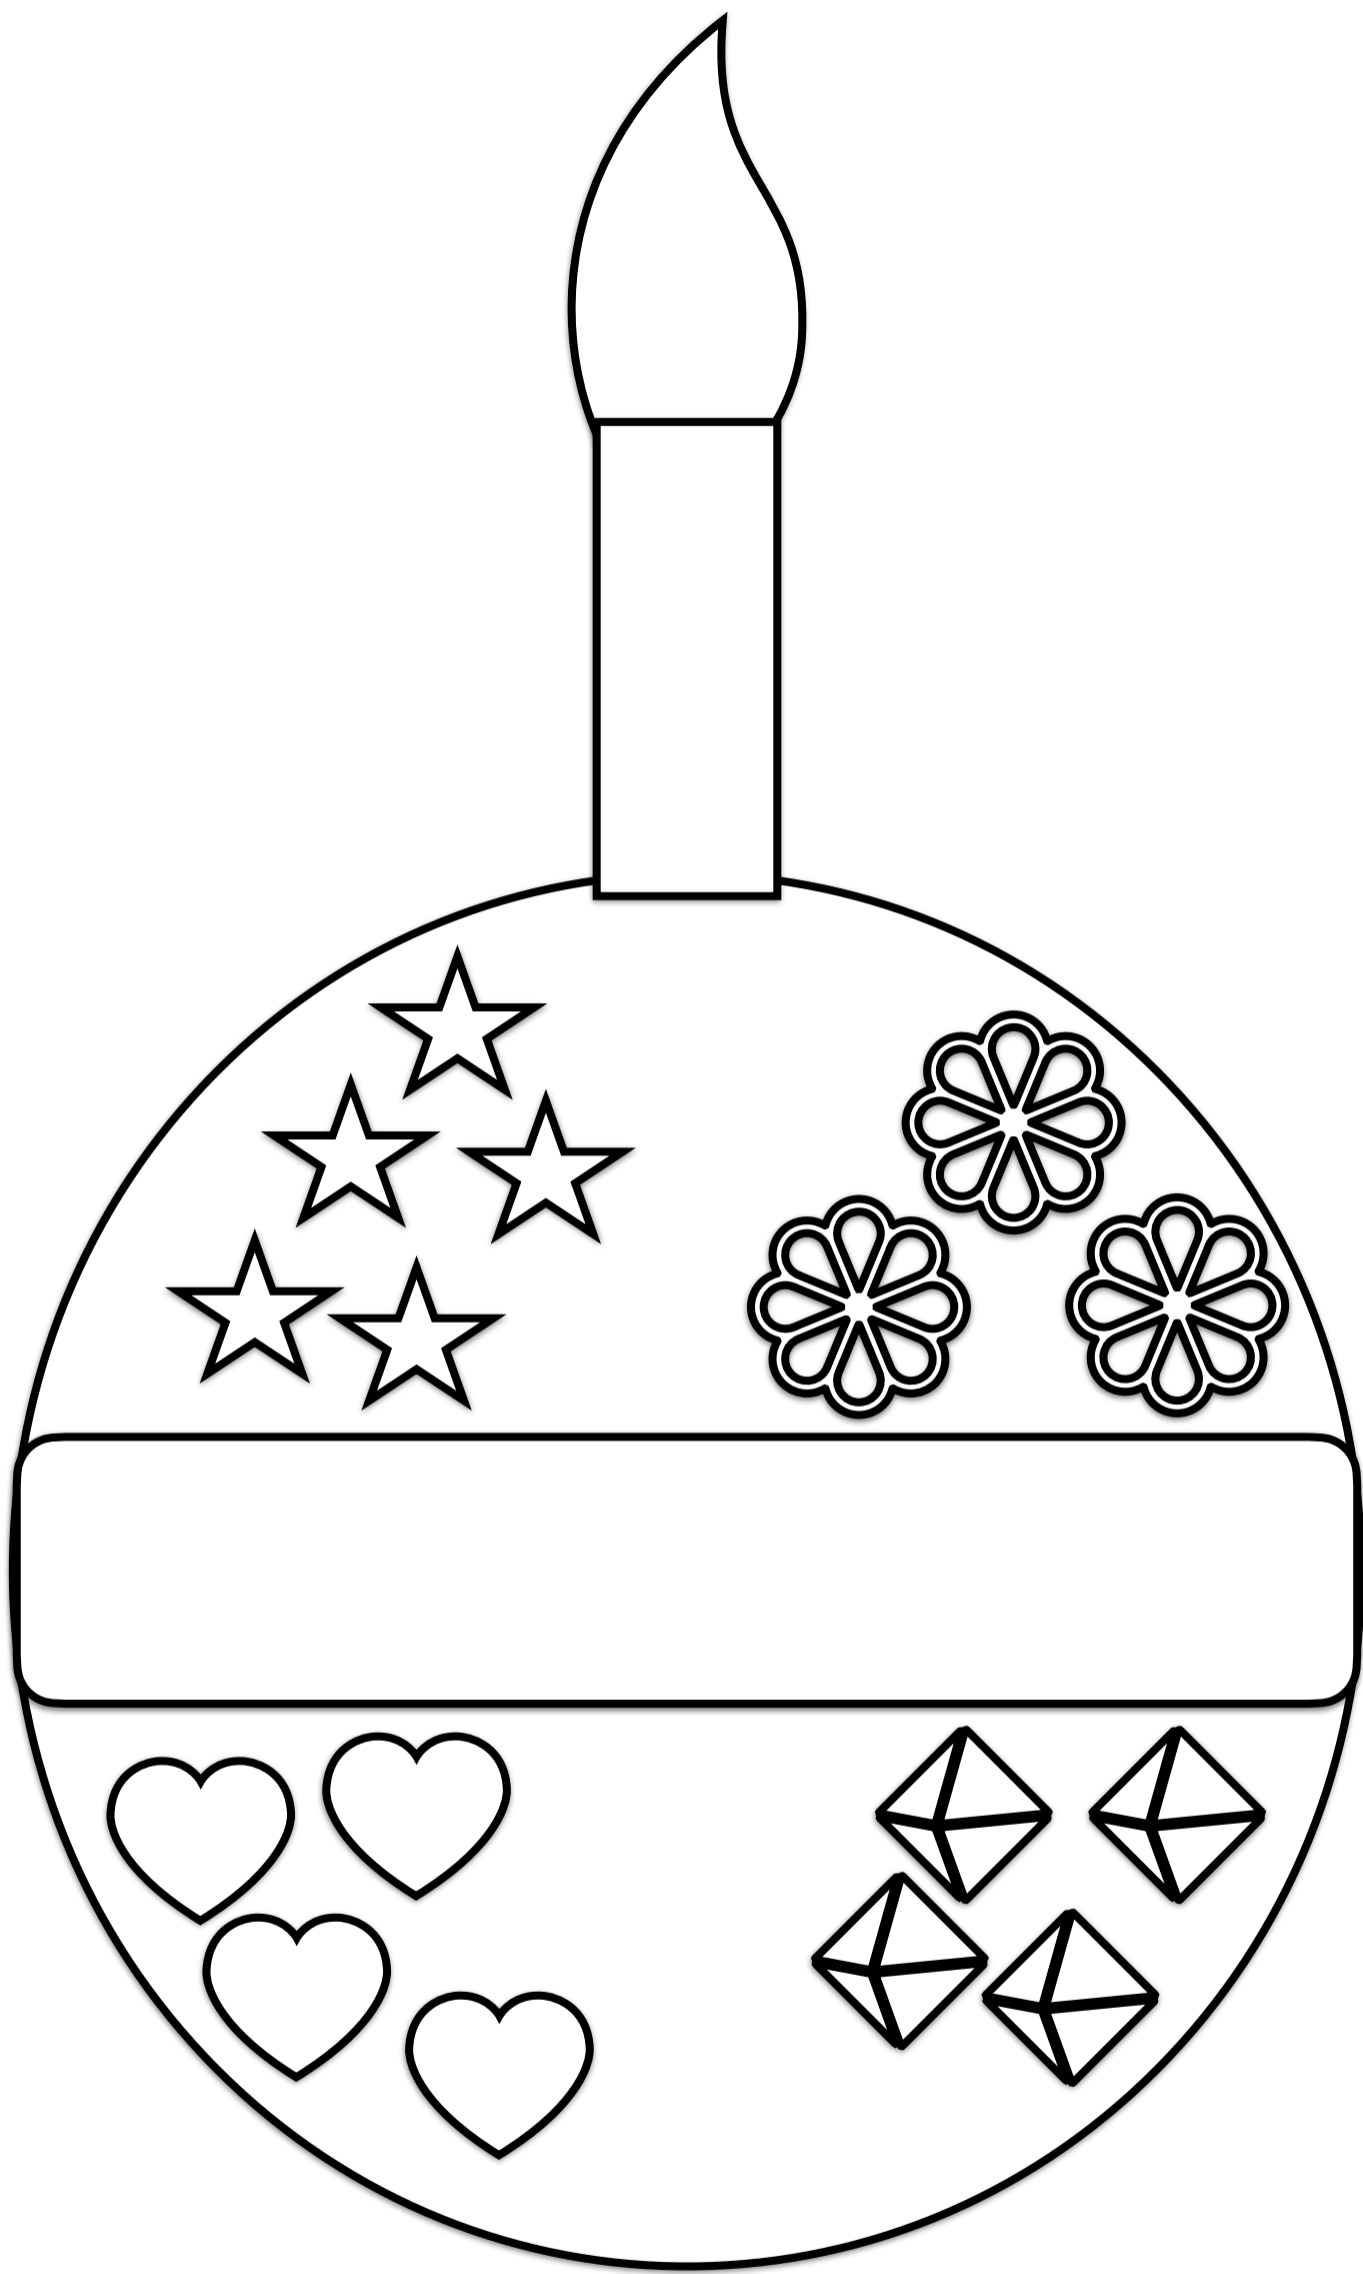

You can draw your own favourite things or stick things on.

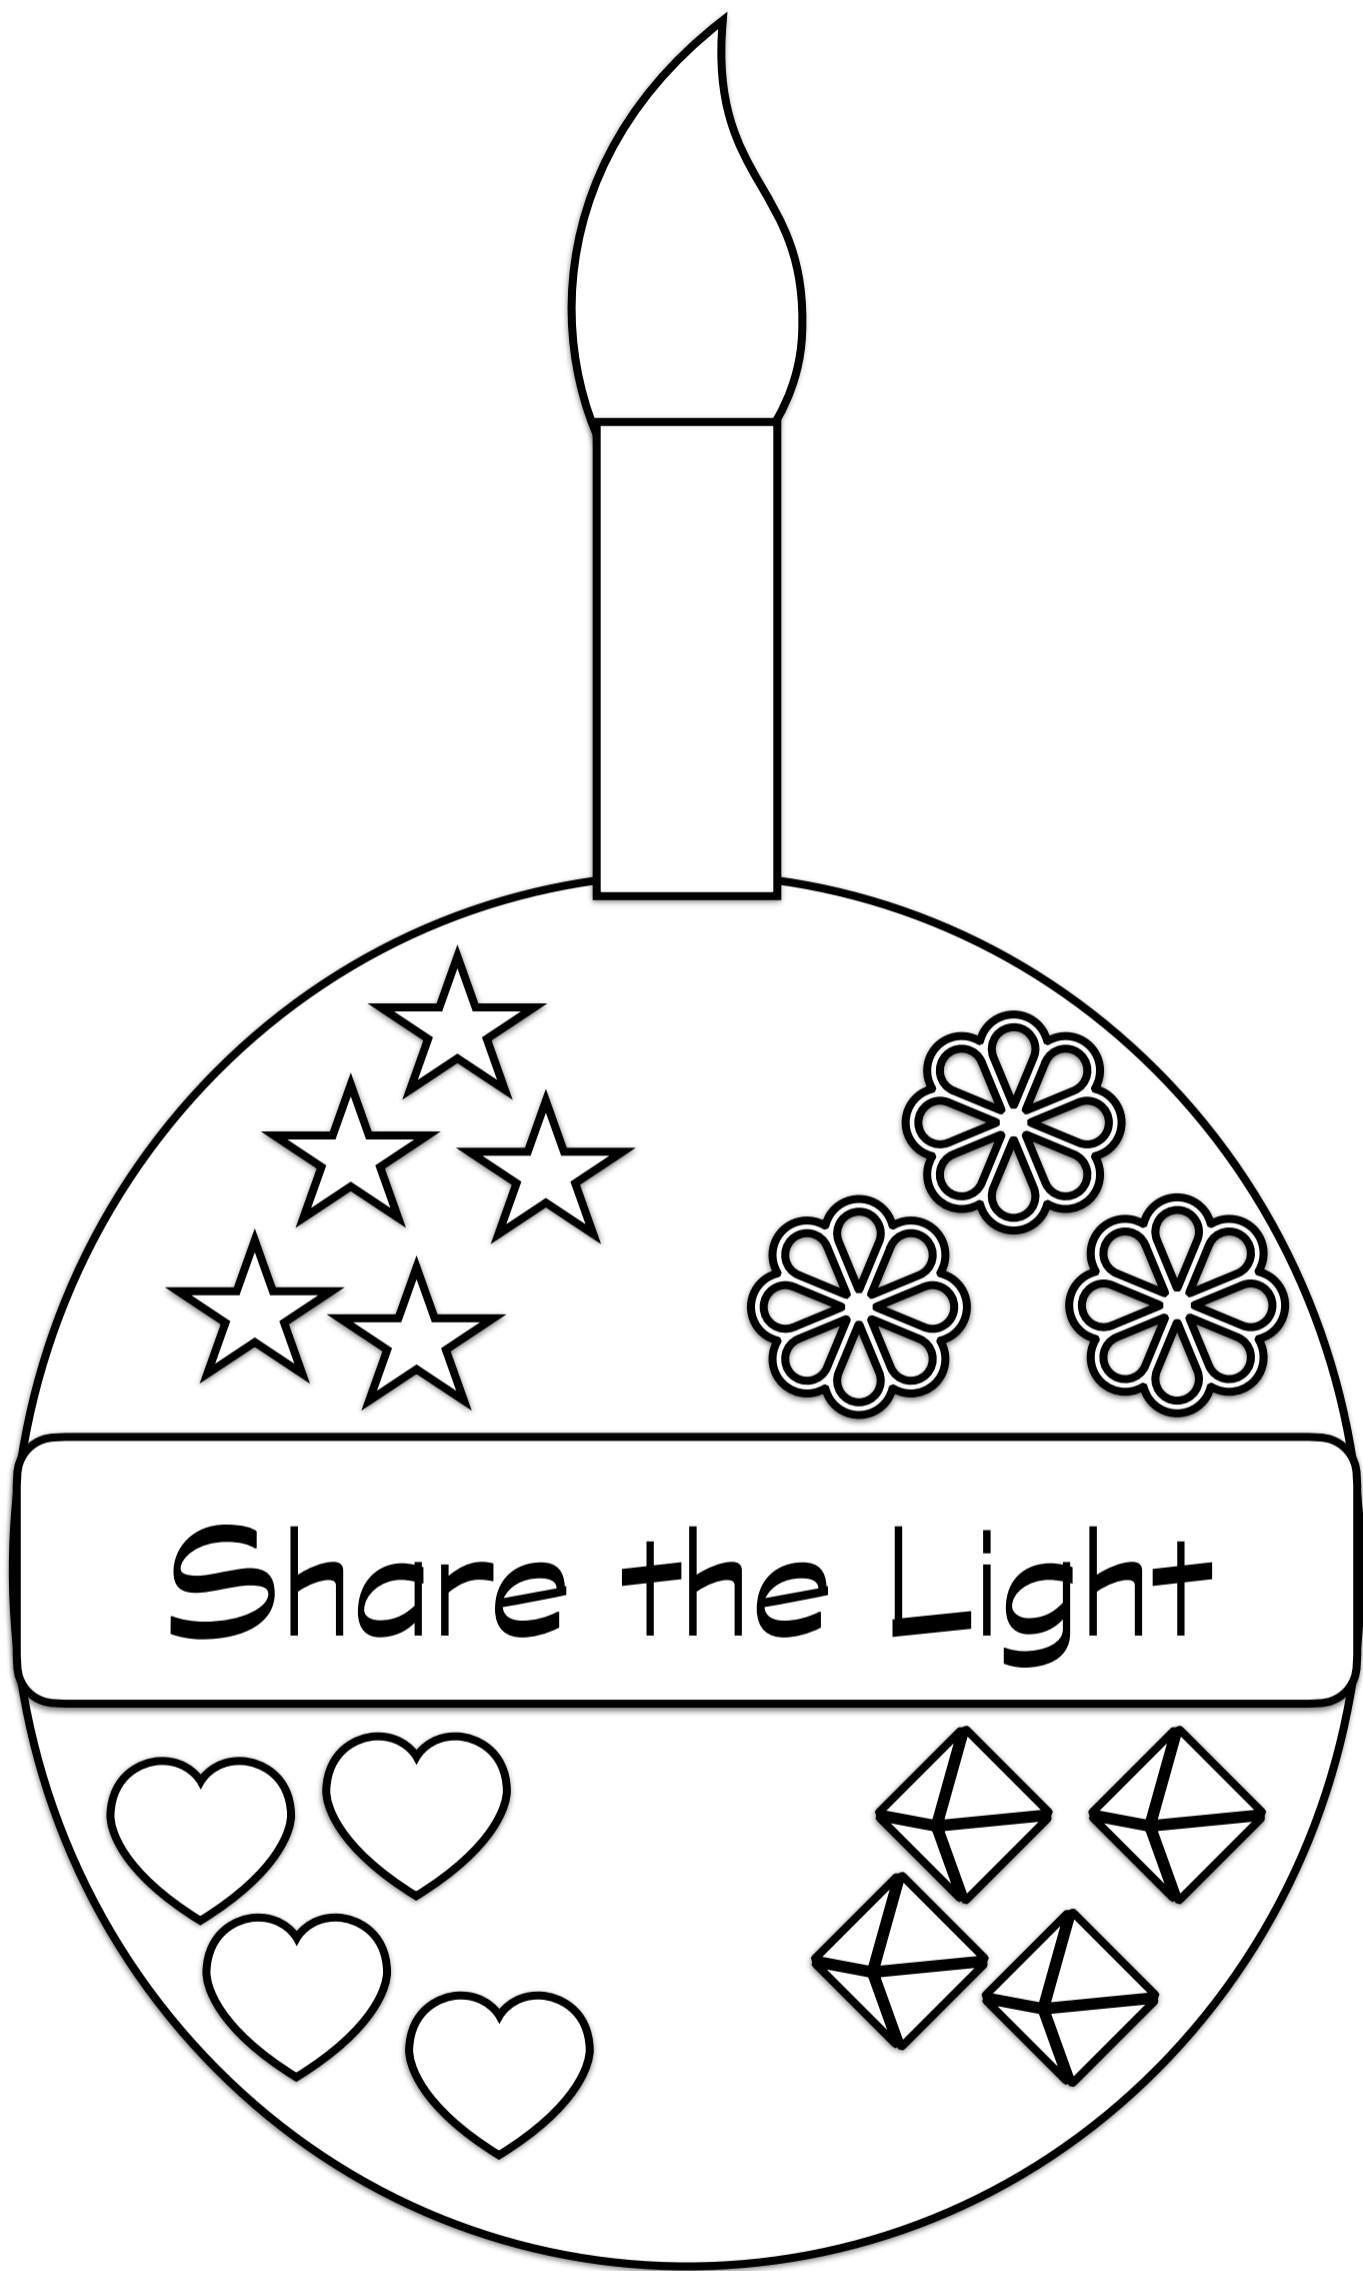

The candle reminds us of the light of Christ coming into the world. It is usually white. You could use something sparkly to make the flame at the top.
