

ONE LICENSE

Licences grant permission to reproduce or project music for the congregation, to podcast or stream services containing this music, or to copy practice-tracks for rehearsal purposes. One License distributes royalties equitably to composers, authors, and publishers.

Licences and pricing from ONE LICENSE as of July 2021

ONE LICENSE provides Annual Licences, Single-Use Licences and Event Licences.

Annual Licences cover consistent usage over the course of one year; **Single-Use Licences** are designed for one-time events, including weddings and funerals; and **Event Licences** cover retreats, conventions, conferences, etc., that are up to seven days in duration. With an up-to-date Annual Licence, then congregational gatherings of all varieties hosted or sponsored by you are covered, such as youth group meetings, small group meetings, etc.

The category of licence and corresponding fee is determined by total weekend attendance at all services, or the number of participants in an event. The prices listed below do not include VAT.

Note on leveraging licence fees in the Diocese:

If annual licence payment is centralised (and charged back to congregations), all would receive 20% off of the pricing listed below IF we have at least 10 NEW licences in the diocese (10 charges sign up for the first time). Reporting would still be done individually by charges.

Annual Licence

The annual reprint license grants unlimited permission to reproduce music owned by all Member Publishers. This licence can then be bundled with a Podcast/Streaming Licence option to share services online via a live stream or to upload a prerecorded video. With the Bundle, song lyrics and melody lines can be included in the live stream, handouts can be shared online, and songs or texts from the ONE LICENSE database can be downloaded.

'Podcast' refers to any pre-recorded video or audio content being distributed for congregational use.
