

## **Joint Venture Between St Saviour's Episcopal Church and Bridge of Allan Parish Church Brings Community Together for Peace**

St Saviour's Episcopal Church and Bridge of Allan Parish Church are delighted to announce the success of their recent joint initiative, "Peace Pigeons," which culminated in a Peace Service on Wednesday, 19th June. This collaborative event aimed to offer the wider community an opportunity to come together and offer their prayers for peace during these challenging times.

In preparation for the service, church members, uniformed organisations, school children, and community members were invited to design Peace Pigeons. This creative project, initiated by a member of the St Saviour's congregation, resulted in beautiful hand-crafted pigeons that now adorn both churches. These pigeons symbolise the community's collective hope for peace.

The service featured a blend of music, readings, and moments of silence, allowing attendees to reflect on the importance of peace in their lives. The highlight of the service was the opportunity for everyone to share peace with one another.

Reverend Dan of the Parish Church and Reverend Aaron of St Saviour's both emphasised the importance of this event in bringing the community together. "We felt called to create an event that would engage all age groups and connect with the lived experiences of everyone in our community," said Rev Dan. Rev Aaron added, "In times like these, it is vital that we come together to support one another and work towards a peaceful future."

Feedback from attendees was overwhelmingly positive. One participant remarked, "That was a lovely service. Thank you. We need more like that!"
